Product Category:

## An Environment-Friendly Eraser Sponge

Core Features:

**Leaves A Smear Free Finish**

**No Need For Additional Cleaning Chemicals**

**Can Be Used Wet Or Dry**

### Description:

**This handy lightweight sponge is the ideal cleaning aid for a multitude of jobs. A special melamine resin foam which has a fine cellular structure allowing maximum absorption and cleaning power. Meleco removes dust and dirt from most non-porous surfaces, even hot ones.**

Meleco can be used wet or dry for cleaning or dusting without the need for detergents or cleaning chemicals, making it very environment-friendly. Meleco leaves a smear-free finish on office equipment, tiles, paintwork, glass, mirrors, plastics and steel, and can be used on bathroom washbasins and baths including shower screens to remove scum.

As a tannin remover on crockery or in kitchen areas such as worktops or stainless steel sinks and on many other surfaces. Being flame-retardant, it makes light work of cleaning hot surfaces such as cooker-tops.

Product Options:

**Available in a variety of pack sizes. Supplied in cardboard cartons.**

\* Floor Pad Applicator Head and 3 Aluminium Handle also available.

## Product Information Guide | Continued

### Directions For Use:

**Wet the sponge with water, squeeze out the excess. Gently rub the surface with the sponge to remove the mark. Use the sponge again by rinsing with water and discard when ready to throw away.**

Some disintegration of Meleco may occur while scrubbing.

**DO NOT USE WITH CHLORINE BLEACH.**

### Application:

**Use wet or dry without the need for detergents.**

Not recommended for highly polished, varnished or painted or surfaces with dark finishes.

Test first in inconspicuous area with light pressure to see if suitable for surface.
